A description of the Company's business:

7digital provides end-to-end digital music solutions for its business customers. The core of our business is the provision of robust and scalable technical infrastructure combined with extensive global music rights used to create music streaming and radio services. We cater for a diverse range of B2B customers – including consumer and social media brands, online fitness companies, mobile carriers, broadcasters, automotive systems, record labels and retailers. Our core platform provides customers with access to cloud-based software. We also offer radio production and music curation services.

Our strategy is to grow revenues, profitability and shareholder returns through:

- offering flexible, highly productised, end-to-end music solutions that drive high gross profit margin deals;
- increasing the number of clients we serve in strategic, well-funded market verticals;
- moving to more usage-based commercial deals where successful client consumer use drives revenue beyond our fixed recurring licence fees, meaning 7digital can recognise increasing revenues based on our clients' success;
- improving the financial quality of our business by driving recurring SaaS and PaaS revenues;
- expanding and leveraging our geographic coverage;
- continued investment in market leading technology to meet shifting technology trends, user consumption, and client needs;
- applying strict control of our cost base to ensure that revenue growth is quickly reflected in improved overall Group profitability; and
- establishing and maintaining a partner channel program for scaling sales into the identified target market verticals

7digital operates:

- business-to-business technology and music services (Licensing revenue), which is our primary focus;
- business-to-consumer music services under the 7digital brand (Content revenue); and
- content production under the 7digital Creative brand.

7digital is also seeking to utilise its platform to leverage the growing trend in artist monetisation whereby artists' managers and labels are looking for new ways to monetise music consumption, such as through sponsorships, music sales and merchandise.

Licensing

7digital's core business is to provide an API for third parties that wish to create digital music services, either standalone or bundled within their own device or product offering. 7digital's platform simplifies access to music by offering a combination of a licensed music catalogue alongside the cloud-based technology platform and client-side software, being software hosted by 7digital's clients. These are needed to create on-demand music streaming and download services, radio style services and other services. The 7digital platform is open, with open-source code to reduce complexity and time to market for its potential customers and can be used for building products on any type of connected device.

Platform revenue comprises the following fee structures:

- Set-up fee for granting access to the 7digital platform and use of a given catalogue across required territories, plus any associated initial configuration work
- Monthly access fee, which is a fixed fee based on catalogue size and number of territories
- Usage, which covers certain variable costs like bandwidth
- Reporting – variable charges to generate royalty and usage reports to rights holders

Content

7digital.com is a licensed digital music store available in almost 20 countries. The 7digital.com music download store offers a catalogue of high-quality digital music from the major labels and independent aggregators in Europe, North America and parts of Asia-Pacific. Users have the option to download their purchases as zip files or by using the 7digital download manager to input directly into their media player of choice. 7digital has apps for different devices as well as an HTML5, mobile optimised web store. Content (download) revenues are recognised by 7digital on the delivery of content.

Creative

7digital produces approximately 700 hours of video and audio content every year. It benefits from regular commissions from the BBC's national radio networks as well as one-off commissions from other broadcasters, such as Sky Television. Key programmes include 'Sounds of the Sixties' and 'Pick of the Pops' on Radio 2, 'Radcliffe and Maconie Show' on Radio 6 and 'Folk Show' on Radio 2.

Names and biographical details of the Company's Directors:

Mark Foster, Interim Chair

Mark has spent much of his career in the music industry, in a succession of Marketing and International roles for all three major labels, including time in Paris as Marketing Director for Warner Music France. Returning to London as Vice President of European Marketing, Foster oversaw pan-regional marketing strategy before founding Warner Music International's New Media Division. After leaving Warner, he launched and ran Deezer in the UK and Ireland, then was appointed CEO for Arts Alliance, a leading global player in Event Cinema. Since 2015, he has developed a portfolio of NED and chair roles for a range of businesses, including highly respected entertainment analysts MIDiA Research, and has led the digital transformation strategy for Moat Homes, a major Housing Association. In addition, he acts as advisor and brand ambassador for a number of start-ups and scale-ups in the digital entertainment and creative industries.

Paul Langworthy, Chief Executive Officer

Paul was appointed CEO of 7digital in July 2019, to lead the restructuring and repositioning of the Group as a global leader in B2B music solutions. Under his leadership, the Group has refocused to capitalize on the flexibility and scalability of the 7digital platform technology and catalogue to power unique and diversified customer experiences on behalf of enterprises and brands in the music streaming space. Previously COO, Paul was responsible for organizing the business to meet its strategic goals and objectives. Paul joined 7digital in April 2013 and has become a driving force in the Group's operations. Initially managing the Group's content supply chain, he later took leadership of 7digital's Client Operations teams. Paul also oversaw operations within the Production businesses that became part of 7digital Group plc following the 2014 merger with UBC Media. With 18 years of experience in digital and content operations, Paul has worked across all aspects of the digital supply chain including metadata, rights, scheduling, asset management and distribution. Prior to 7digital, Paul oversaw Content Operations at digital TV service YouView. He also spent over nine years with Universal Music Group within the label's International Digital Supply Chain Management division.

Michael Juskiewicz, Chief Financial Officer

Michael is an experienced technology, media and finance executive who currently also holds the position of CFO & Head of Corporate Development at eMusic. Michael spent over 10 years working in investment banking, mergers & acquisitions, and capital markets at the TMT groups of Bank of America Merrill Lynch, Nomura, and Cyndx. Michael has also acted as interim CFO of Export Now, a cross border focused e-commerce company, and gained experience working for the international accounting firm BDO. He holds an MBA from the University of Chicago Booth School of Business and a Bachelor of Science with a double major in both Accounting and Economics from Tel Aviv University. Michael is the Group Company Secretary on 25 September 2019.

David Lazarus, Non-Executive Director

David is an industrialist and international entrepreneur. David spent six years at Lloyds of London as an accredited Lloyds Broker attending to Insurance and Re-Insurance. David is currently an Executive Director of the RAM Hand-to-Hand Couriers Group, a leader in the Courier, Logistics and Express Parcel Industry in Southern Africa. The RAM Group operates from approximately 40 hubs, with approximately 1,700 vehicles and over 2,800 staff across Southern Africa. David is also a member of the Young Presidents Organisation. David has been involved in several international businesses, including having knowledge of the various investments of Magic, as well as being a Director of Magic Investments SA.

Tamir Koch, Non-Executive Director

Tamir is President of TriPlay Inc., an online music and audiobook store and brand which started trading in 1998 and is focused on discovery and sales of independent music and artists. Most recently Tamir has led the eMusic Blockchain Project, seeking to provide a decentralised approach to music distribution and rights management to facilitate the utilisation of blockchain within the music industry. Tamir has previously founded several successful start-ups including Orca Interactive and Dotomi. Orca was sold to Emblaze Systems in 2000, which then floated Orca on AIM. It was subsequently acquired by France Telecom in 2008. Dotomi was acquired by ValueClick in 2011.

Helen Gilder, Independent Non-Executive Director

Helen brings a wealth of experience from her time as CFO at AIM-listed ZOO Digital Group plc, where she was part of the team taking the business from tech start up to success in the international entertainment industry. Since leaving ZOO in 2018 Helen has built a portfolio of NED and advisory roles in a range of businesses and is chairperson of a small charity. Helen qualified with the Institute of Chartered Accountants in England and Wales in 1991.

The Board & Corporate Governance:

For the purposes of AIM Rule 26, the recognised corporate governance code that the Board has decided to apply is the Quoted Companies Alliance Corporate Governance Code 2018 ('QCA Code'). The Board believes the QCA Code provides the most appropriate framework of governance arrangements for the Company, considering the size and stage of development of the Company's business. The Board supports the principles and aims of the Code and intends to ensure that the Group observes the provisions of the Code as it grows, as far as is practical. The following information is provided to explain how the Company complies with the QCA Code.

Board Composition

The Company is controlled through a Board of Directors, which at 31 December 2021 comprised six Directors: two executive Directors, two non-executive Directors and two independent non-executive Directors. Short biographies of each Director are set out above. The role of the Chair and that of the Chief Executive are separate.

Tamir Koch is not considered by the Board to be independent by virtue of the fact that he is Executive Chair of TriPlay Inc., a customer of one of the subsidiaries, and his related party relationship with Shmuel Koch Holdings which is a substantial shareholder. David Lazarus is not considered by the Board to be independent by virtue of the fact that he is Executive Chair of Magic Investments SA, which is a substantial shareholder. Mark Foster and Helen Gilder are considered independent by the Board.

Board Role

The Chair is responsible for the leadership of the Board, ensuring its effectiveness in all aspects of its role and setting its agenda. The Chair also ensures that the Directors receive accurate, timely and clear information and that there is effective communication with shareholders. The Chair also facilitates the effective contribution of the other non-executive Directors and ensures constructive relations between executive and non-executive Directors. The Chief Executive's responsibilities are concerned with managing the Group's business and implementing Group strategy.

The Board's role is to provide entrepreneurial leadership of 7digital within the framework of prudent and effective controls that enable risk to be assessed and managed. The Board is responsible for setting the Company's strategic aims and for ensuring the financial and human resources are in place for the Company to meet its objectives and to review management performance. The Board is also responsible for setting the Company's values and standards and ensuring that its obligations to its shareholders are understood and met. The Board discharges its role by holding regular meetings, at which:

- the monthly management accounts, including budgets and prior year comparatives, are reviewed;
- strategy is set and policy is debated;
- all significant investment and acquisition opportunities are reviewed and, if appropriate, approval is given; and
- any proposed changes to internal control and operating policies are debated.

Skills and Expertise

The non-executive Directors bring a wide range of experience and expertise to the Group's affairs, which allow them to constructively challenge and help develop proposals and strategy, scrutinise performance and controls and take decisions objectively in the interests of the Group.

Committees of the Board

The Board has two standing committees, being the Audit Committee and the Remuneration Committee, each of which operates within defined terms of reference.

Audit Committee

The Audit Committee consists of Helen Gilder (the Chair) and Mark Foster. The Audit Committee has primary responsibility for monitoring the integrity of the financial statements of the Group; reviewing the Group's internal financial controls; ensuring that the financial performance of the Group is properly measured and reported on; and for reviewing reports from the Group's auditor relating to the Group's accounting and internal financial controls. The Chief Financial Officer and other senior management also attend committee meetings by invitation. The Committee has unrestricted access to the Company's auditor.

The Audit Committee met formally 3 times during the year to 31 December 2021. The Committee reviews arrangements by which staff of the Group may raise in confidence concerns about improprieties in matters of financial reporting or other matters and investigates appropriate follow-up action.

The Audit Committee recommends to the Board the appointment, re-appointment or removal of the external auditor. On 16 December 2021, the Audit Committee made the decision to reappoint Haysmacintyre LLP as external auditors.

Remuneration Committee

The Remuneration Committee consists of Mark Foster, as chairman, Tamir Koch and Helen Gilder. The Remuneration Committee met formally once during the year to 31 December 2021.
